

How One Client Saved Over \$422K on High-Cost Medications with PriceMDs

A self-funded employer group known for its commitment to innovation and employee well-being was facing growing pressure from rising specialty drug costs. Like many employers, they aimed to deliver high-quality healthcare benefits without compromising financial sustainability.

In 2024 alone, just four plan members required high-cost therapies, including medications used to treat:

- Inflammatory conditions like arthritis, psoriasis, and Crohn's Disease
- Early- and advanced-stage breast cancer in adults
- A range range of conditions like Anemia, Hepatitis C, and ITP
- Symptoms of hemophilia A

The Results:

TRADITIONAL COST

\$1,178,000+

PRICEMDS COST

\$755,440

SAVINGS

\$422,560

Original Projected Spend: **\$1,178,000+**

The employer turned to PriceMDs for smarter sourcing through our SourceDirectRx program. Through our international fulfillment model, PriceMDs was able to source the same medications safely and compliantly, but at a fraction of the cost.

That's a total savings of 35%. In just one year with PriceMDs, this employer was able to protect its bottom line, maintain high-quality treatment access, and avoid overpaying by over \$420,000 on just four individuals.
